Swastik Nakarmi

AI-Driven Product Designer & Creative Technologist

PROFESSIONAL SUMMARY

As a dynamic UI/UX designer, I propel user-centered innovation through advanced AI tools—for everything from ideation and rapid prototyping to efficient, scalable content creation. My approach blends design expertise with cutting-edge automation, enabling digital experiences that are both high-impact and human-focused.

With robust skills in front-end development and a deep commitment to minimalist, visually compelling interfaces, I build scalable systems that work flawlessly across platforms. I independently architect and launch custom WordPress websites, bringing projects from vision to reality.

Passionate about purposeful, intuitive design, I leverage generative AI and data-driven insights to create modern apps, websites, and dashboards that resonate—ensuring each experience is as visually engaging as it is meaningful.

WORK SUMMARY

UI/UX Design Lead

Dec 2020 - Present

Kodiary Technologies

- Gather user requirement and create visually appealing and intuitive user interfaces for web and mobile applications.
